

POLISH FLAG DAY

BY CHILDBOOK.AI

Gabriela woke up excited on May 2nd. Today was Polish Flag Day! She ran to the window and saw white and red flags everywhere. Her street looked beautiful. "Mama, can I wear my white shirt and red skirt today?" Gabriela asked. Her mother smiled. "Of course! That's perfect for Flag Day." Gabriela dressed quickly. She put a special red and white pin on her shirt. "I can't wait to learn more about our flag!" she said happily.

At school, Gabriela's teacher told an amazing story. "Long ago, a man named Lech was looking for a home for his people," the teacher began. "He saw a beautiful white eagle flying against a red sunset." Gabriela listened carefully. "Lech thought it was a special sign! He made the white eagle his symbol on a red shield." The teacher pointed to the flag. "That's why our flag is white on top and red on bottom!" Gabriela thought the story was wonderful.

"The colors have special meanings," the teacher continued. "White stands for peace and purity, like the eagle's feathers." Gabriela raised her hand. "What does red mean?" she asked. "Red stands for courage and bravery, like the beautiful sunset," the teacher explained. "Together, they show what Poland values most." Gabriela felt proud. She looked at her red and white outfit. "I'm wearing courage and peace!" she told her friend. Her friend giggled and pointed to her own white and red clothes. "Me too!"

After school, Gabriela made her own flag at home. She glued red paper to the bottom of white paper. Then she drew a white eagle in the middle. "This is beautiful, Gabriela!" her mother said. They hung it in the window next to their big flag. Gabriela and her family walked to the town parade. Everyone wore red and white. Flags waved everywhere. "Happy Flag Day!" people called to each other. Gabriela smiled. She loved celebrating her Polish heritage. It was the best May 2nd ever!
