

ALIENS COME TO VISIT

BY CHILDBOOK.AI

Kevin heard a buzzing sound outside his window. He tiptoed outside and saw a shiny spaceship glowing in the backyard. "Whoa!" he whispered. The ship's door slid open with a hiss. Kevin's heart pounded with excitement. Who could be inside this amazing ship? He stepped closer, curious and a little nervous, ready to meet whoever—or whatever—was waiting inside the strange glowing ship.

Four aliens popped out! "Hello!" said Zorp, the pilot, adjusting his shiny helmet. Blip the hungry alien rubbed his round belly. Dazzle twirled with sparkly arms, and tiny Fuzzy wagged his fuzzy tail like a puppy. "We need your help," Zorp said. "Our ship stopped working!" Kevin grinned. "I can help! Follow me." The aliens cheered quietly and followed Kevin toward his house.

Whoa!

Zorp explained, "Our ship needs a special gadget to fly again." "What kind of gadget?" Kevin asked. "We are not sure," Zorp admitted, "but it must be small, round, and stretchy!" Blip's tummy rumbled loudly. "Can we eat first?" he asked. Dazzle spun in a circle with excitement. "Let's search the house!" Kevin nodded. "Just be super quiet. My mom is sleeping on the sofa."

Kevin opened the back door slowly. The aliens tiptoed inside, careful not to make a sound. Mom was fast asleep on the sofa, snoring softly under her blanket. Fuzzy accidentally squeaked, and everyone froze. Mom just rolled over. Kevin sighed with relief. "Phew! Let's keep looking," he whispered. The little group crept past the sofa and into the hallway, searching for the mysterious gadget.

They checked under couch cushions and behind picture frames. "Nothing here," Zorp whispered. Dazzle spotted a shiny remote control and gasped, "Is this it?" Kevin shook his head, laughing quietly. "That's just for the TV!" Blip peeked into a bowl on the table. "Are these snacks?" he whispered hopefully. Kevin grinned. "Let's check the kitchen next. Maybe the gadget is in there."

In the kitchen, Blip spotted a candy jar and gasped with joy. "Finally, snacks!" He munched candy loudly, wrappers crinkling everywhere. "Shh!" Kevin whispered, glancing toward the sofa. Zorp opened drawers, searching carefully. "No gadget here, just spoons and forks." Dazzle nibbled a chocolate too, humming happily. Fuzzy chased a rolling gumball across the floor. Kevin sighed. "Let's check upstairs before Mom wakes up!"

Shh!

On the stairs, Dazzle suddenly twirled with joy. "I love stairs! They're so bouncy!" His shimmering arms flapped, making a soft whooshing sound. "Shh, Dazzle!" Kevin whispered urgently. Mom stirred on the sofa below, mumbling in her sleep. Everyone froze like statues. After a tense moment, she settled back down. Kevin exhaled. "That was close! Let's keep moving, quietly this time, okay?"

Upstairs, Fuzzy sniffed around Kevin's room with his three curious eyes. He found a sock under the bed and pulled it out proudly. "Good try, Fuzzy," Kevin whispered, "but that's not it." Zorp examined a lamp, then a toy robot. "Not stretchy enough," he said. Blip peeked into a drawer. "Ooh, what's this?" he asked, pointing at something colorful and soft inside.

Not stretchy
enough!

Just then, they heard Mom's voice from downstairs. "Kevin? Is that you?" Everyone gasped and hid quickly—behind the door, under the bed, inside the closet! Kevin called back softly, "Just getting water, Mom!" She mumbled something sleepy and settled back onto the sofa. The aliens peeked out slowly. "Phew," whispered Zorp. "That was scary! Let's find this gadget fast."

Kevin opened his dresser drawer wider. Inside were folded underwear with colorful stripes and polka dots. Blip picked one up, confused. "This is stretchy and round like a gadget!" Zorp examined it closely, eyes wide with wonder. "The elastic band! That's exactly what our ship needs!" Dazzle clapped happily. "Underwear saves the day!" Kevin laughed. "I never thought underwear could be so important!"

They rushed back outside to the spaceship. Zorp stretched the underwear's elastic band around a broken part. Lights flickered, then glowed bright and steady! "It worked!" Zorp cheered. Blip munched one last candy happily. Dazzle spun in a joyful dance around the ship. Fuzzy barked with excitement, wagging his fuzzy tail. Kevin grinned proudly. "Underwear really did fix everything. Who would've guessed?"

The ship hummed happily, ready to fly. "Thank you, Kevin!" Zorp said warmly. Blip waved a candy wrapper. Dazzle twirled one last dance, and Fuzzy licked Kevin's hand gently. "Will you visit again?" Kevin asked hopefully. "Of course!" Zorp promised, smiling. The ship rose quietly into the starry sky and disappeared. Kevin smiled, clutching his lucky underwear, excited for their next adventure together.
