

## NOAH ARK ON THE OCEAN

by Cheryl Classier & AI

Once upon a time, in a land far away, there lived a kind-hearted man named Noah. One day, as Noah was walking through the forest, he heard a gentle voice speaking to him. It was a message from God! God told Noah to build a big boat called an ark.

Noah was excited to follow God's instructions. He gathered his wife, their three sons, and their wives. They all wore long robes, just like people did in biblical times. Together, they started building the ark. They worked tirelessly, hammering and sawing, until the ark began to take shape.

When the ark was ready, Noah and his family set out on a special mission. They had to find and bring in animals from all over the land. Two by two, they welcomed lions, elephants, rhinos, monkeys, horses, cows, and many other animals onto the ark. The animals were happy to be saved from the coming flood.

As the last animals boarded the ark, dark clouds filled the sky. Rain poured down, and the seas began to roar. For forty days and forty nights, the ark sailed on the vast ocean, while the rain continued to fall. Inside the ark, Noah's family and the animals stayed safe and dry.

After weeks of rain, the sun finally peeked through the clouds. Noah sent out a dove to find dry land. The dove flew far and wide but returned with no news. Noah waited patiently. The second time the dove flew out, it came back carrying a fresh olive branch in its beak. This was a sign that the floodwaters were receding and dry land was near!

Excitement filled the air as the ark sailed closer to dry land. Noah and his family looked out and saw beautiful mountains, trees, and flowers in the distance. The ark gently landed on solid ground, and everyone cheered with joy. They had made it through the great flood!

Noah and his family stepped out of the ark, grateful for their safety. They thanked God for guiding them through the storm. They released all the animals, who happily ran and flew away, back to their natural habitats. Noah and his family were filled with hope and started a new life on the fresh, green land.

Noah and his family built a cozy home surrounded by nature's beauty. They lived happily ever after, cherishing the memories of their incredible journey. Their story of faith, courage, and love was passed down through generations, reminding people to always trust in God and take care of the animals and the earth.
