

# TY PLAYS GOLF

by Myles J. Brown & AI

One sunny day, Ty decided to teach his friends how to play golf. It was a sunny Friday afternoon and instead of playing Roblox, he told Clara, Sam, and Juliet to meet him at the golf course.

Ty showed them his shiny golf club and

colorful golf balls. Everyone was excited to learn this new game. They couldn't wait to get started!

Ty explained how to hold the golf club properly. He showed them how to stand and swing the club gently. Clara was the first to try, and she hit the ball a short distance. Sam

and Juliet took turns and did their best. Ty cheered them on and gave helpful tips.

The friends practiced hitting the golf balls for a while. They laughed and clapped for each other's efforts. Ty was proud of how quickly they were learning. Juliet managed to hit the ball the farthest. She almost had a hole-in-

one, her ball landed on the putting green. They all agreed that practice was making them better.

As the sun began to set, the friends decided to have a little competition. They took turns hitting the balls and counted their scores. In the end, everyone felt like a winner because

they had so much fun. Ty was happy to share his love for golf with his friends. They promised to play again soon.
