

SHADAW

by childbook.ai

My name is Theodoro, but everyone calls me Theo. I live with my mom, dad, and a cat. You know, I don't really like the cat... he looks like he's always up to something.

Mom has been acting differently lately. She gets happy, cries out of nowhere, feels tired, and keeps looking at tiny clothes that don't fit me. That's all fine... but there's something strange: she eats my snack while I'm asleep! After that, she feels sick and throws up. I think adults aren't supposed to eat kids' snacks!

One day, Dad explained that Mom has something called “pregnant.” He said, “Mom is pregnant,” but I think she has a “pregnant” because it’s inside her belly! Oh, these adults...

Theo loved running around with his flashlight. He cast big shadows on the walls, full of excitement. His energy was endless, and the shadows danced around him. He felt like a brave explorer in a magical world. Even the cat joined in the fun!

One evening, Theo shined his flashlight on Mom's belly. To his surprise, he saw a shadow inside! His eyes went wide with wonder. Mom smiled gently, adding warmth to the moment. Theo felt like he discovered a secret treasure.

Theo placed a music box on Mom's belly. He was amazed as Mom smiled, feeling the baby move. The soft colors and sparkles made it feel magical. It was like the music was speaking to the baby. Theo felt so happy sharing this moment.

Theo loved rubbing different textures on Mom's belly. A towel, a sponge, each brought him joy. Mom smiled warmly as Theo giggled with delight. The pastel background made everything feel cozy. It was a special time for both of them.

Theo held Abuela's hand as they headed home. She looked at him with a loving smile. Dad and Mom explained that "Shadow" wasn't in Mom's belly anymore. Theo felt a mix of sadness and understanding. But when he played music for "Shadow," he felt a connection in his heart.
