

SAMMY'S GARDEN OF CHOICES

by childbook.ai

Once upon a time in the peaceful forest of Green Woods, lived a young squirrel named Sammy. Sammy was curious and full of energy, always looking for new adventures. One sunny morning, Sammy decided to start a garden. He wanted to grow the biggest and most colorful flowers in the forest. His friend

Bella, the young bunny, hopped by and asked if she could help.

Sammy and Bella were excited about their garden. They wanted to make sure it would be the best. They decided to visit Ms. Owl, who was known for her wisdom. Ms. Owl adjusted her glasses and listened carefully. She said,

'Remember, my dear ones, every choice you make in the garden will help it grow.'

Sammy and Bella started planting seeds in their garden. They watered them every day and made sure they got enough sunlight. But one day, a big storm came and washed away some of the seeds. Sammy felt sad, but Bella

reminded him that they could choose to plant new seeds and keep trying.

With perseverance and teamwork, Sammy and Bella replanted the seeds. They took care of their garden with love and patience. Soon, the garden was full of beautiful, colorful flowers. Sammy realized that making good choices and

working together with Bella made their garden a success. They thanked Ms. Owl for her wise advice and enjoyed their beautiful creation.
