

# JINGLES THE CHRISTMAS MOUSE

by [childbook.ai](https://childbook.ai)

In a cozy little kitchen up at the North Pole, lived Jingles the Christmas mouse with a big, quiet role. He was careful and still, never making a sound, so the family cat let him hang around. All year long, he stayed out of sight, making sure he was quiet, both morning and night.

On Christmas Eve, the big night would begin, and Jingles would wait with a wide little grin. 'Not a creature was stirring, not even a mouse,' was a rule they followed inside Santa's house. Jingles stayed still while Santa delivered delight, filling stockings and gifts all through the night. Santa's Cat watched over Jingles, ensuring everything was right.

When the work was all done, Santa would say, 'Ok, little mouse, relax it's Christmas Day!' Jingles stretched his legs and wiggled his toes, as the morning sun in the North Pole rose. Though Jingles was small, he felt overjoyed! He'd made Christmas feel special for each girl and boy!

So when you hear tales of a quiet, still night, think  
of one little mouse, keeping still with all his might.  
In Santa's big kitchen, where the warm lights glow,  
Jingles the Christmas mouse helps keep the magic  
we know. His tiny presence brings warmth and  
cheer, as Christmas magic fills the air each year.
